

HELP ANIMALS IN NEED

May 1st, 2010

Dear Patients and Friends,

As the Spring season approaches, our office wishes to give in a way that will make a difference in our community. We have decided to give our time and services to new patients in exchange for the new patient giving items for animals in need. We have been blessed with so much that we want to give something back to animals in need. What family members and friends do you have that have never been to our office before? This would be the perfect time for them to get started with their chiropractic care and, at the same time, helping us give back to our community.

We have set aside the entire month of May for your friends and family members who have not been patients before to receive all first day services. The only thing we ask of them is that they bring a minimum of five (5) items from The Nashua Humane Society's Wish List (see attached). As for our current patients, The Pain Relief Center will match every item brought in by you for the month of May. These items will be given to The Nashua Humane Society, which is an outstanding organization committed to providing and protecting abandoned, abused, neglected and unwanted animals. The Pain Relief Center will also be holding a contest for the most items donated! The person who donates the most food items will receive a \$15 Gas Card! Help us reach our goal of 500 donated items & make this a special year for our furry friends in need. Plan now to participate and share with us in this giving time of the year. Please schedule your appointment by calling us at (603)886-4500.

With Gratitude,

-Dr. Stephen Dohoney
& Staff at The Pain Relief Center
