

## July is Veteran Appreciation Month

This July the Pain Relief Center would like to take time to honor our veterans. For any new patient that comes in during the month of July, we will donate \$10.00 to "Veterans Count" to show our appreciation.

If you are thinking about coming in to see us, July would be the perfect time to schedule your first appointment and by doing so you can help us honor our vets.

Thank you,

The Pain Relief Center
